Contents of *Forest Ecology and Management*, Volume 42

VOL. 42 NOS. 1,2 — 30 JULY 1991

Special Issue: Modelling Forest Succession in Europe

Preface
F. Kienast and G.M.J. Mohren (Wageningen, The Netherlands) 1
Simulation of forest stand dynamics, using real-structure process models
H. Bossel, H. Krieger, H. Schläfer and N. Trost (Kassel, Germany) 3
A computationally efficient forest succession model: Design and initial tests
M.R. Fulton (Uppsala, Sweden) 23
Application of a gap model for the simulation of forest ground vegetation in boreal conditions
S. Kellomäki and H. Väisänen (Joensuu, Finland) 35
Simulated successional characteristics of managed and unmanaged low-elevation forests in central Europe
F. Kienast (Birmensdorf, Switzerland) and N. Kräuchi (Zürich, Switzerland) 49
Modelling early development of a planted pine stand: An application of object-oriented programming
T. Kolström (Joensuu, Finland) 63
Silvics of north European trees: Compilation, comparisons and implications for forest succession modelling
I.C. Prentice and H. Helmisaari (Uppsala, Sweden) 79
Spatial applications of gap models
D.L. Urban, G.B. Bonan, T.M. Smith and H.H. Shugart (Charlottesville, VA, U.S.A.) 95
Succession models as an aid for forest management in mixed stands in The Netherlands
G.M.J. Mohren, A.F.M. van Hees and H.H. Bartelink (Wageningen, The Netherlands) 111
Modelling forest dynamics: Moving from description to explanation
H. Bossel (Kassel, Germany) 129

VOL. 42 NOS. 3,4 — AUGUST 1991

Aggregating tree species to develop diameter increment equations for tropical rainforests
J.K. Vanclay (Brisbane, Qld., Australia) 143
Early stand development on former oak sites in southwestern Wisconsin
D.M. Hix and C.G. Lorimer (Madison, WI, USA) 169

Comparison of linear and nonlinear overstory–understory models for ponderosa pine
J.E. Mitchell and P.N.S. Bartling (Fort Collins, CO, USA) 195
Treefall and resprouting following catastrophic windthrow in an old-growth hemlock–hardwoods forest
C.J. Peterson (Piscataway, NJ, USA) and S.T.A. Pickett (Millbrook, NY, USA) 205
Growth and form of *Eucalyptus camaldulensis* Dehnh. provenances in northern Nigeria
G.O. Otegbeye and I. Samarawira (Zaria, Nigeria) 219
Phytophage effects on primary production, nutrient turnover, and litter decomposition of young Douglas-fir in western Oregon
T.D. Schowalter, T.E. Sabin, S.G. Stafford and J.M. Sexton (Corvallis, OR, USA) 229
Multiple-nearest-tree sampling in an ecological survey of Afromontane catchment forest
J.B. Hall (Bangor, UK) 245
A root bioassay test for nitrogen deficiency in forest trees
H.E. Jones, C. Quarmby and A.F. Harrison (Grange-over-Sands, UK) 267
Synthesis of *Pisolithus tinctorius* ectomycorrhizae and growth responses on some commercially important Chinese tree species
X. Hua (Beijing, China) C.E. Cordell (Asheville, NC, USA) and W.J. Stambaugh (Durham, NC, USA) 283
Growth prediction for Arizona's mesquite (*Prosopis velutina*) woodlands
D.C. Chojnacky (Ogden, UT, USA) 293
